

RE: LPFM stations

Please DO NOT allow LPFM stations to displace existing regional and/or national FM translators. Specifically, my family listens to K-LOVE on local translator 94.3 FM. The station is one of two stations in the Chicagoland area that are family friendly and air the music and programming we enjoy. If this station was replaced by a local LPFM alternative, it would remove the one station in our area that does not rely on off-color morning humor and unending commercials. Please do not use a broad brush to paint all regional stations as less relevant to local communities than local stations. In this case, the national channel (K-LOVE) is a breathe of fresh air in a crowded market trying "shock jock" tactics to get ratings. Thank you for your time and consideration.

Sincerely,  
Ken Tarbell and family
